

Firstly, I would like to say a huge thank you for actually allowing me into Centre Stage.

Although my time here has been short, it has given me so many incredible memories that I will never forget.

It has been an utter privilege to perform alongside such a fantastic company, making some incredible friends, as well as developing my skills in order to become a better performer.

If someone had said to me 2 years ago that I had to sing a solo in front of a large audience, I wouldn't have believed, or, done it!

I would like to thank you for that and thank you for keeping the company running.

I am absolutely gutted to say that *Whistle Down the Wind* will be my last show with you. If I could I would stay for ever!!

I look forward to seeing all your future productions which I know will be amazing.
